and had for the last three years had charge of the finances of St. Michal's Church. We had implicit trust in him.

"A short time ago I learned that Mr. Edson was speculating heavily in Wall street I believe he must have lost a great deal more than he could afford, and that brought his old trouble back with renewed violence. Why he should have singled out Mrs. Fullen as the victim of his insane fury, I have no conception."

TWO MOTIVES FOR THE TRAGEDY.

Coroner Jackson called at the apartment and took possession of several letters he found in the pockets of the dead man. These letters not only showed the existence of a love affair between Mr. Edson and Mrs. Pullen, but revealed that the man was on the verge of financial ruin.

"I found letters in the pockets of Mr. Edson," said Coroner Jackson, showing that relations stronger than friendship existed between Mr. Edson and Mrs. Pullen.

"I also found letters that proved beyond doubt that Mr. Edson was a runed man unless he obtained immediate aid. They showed that he had speculated far beyond his means and that ruin and disgrace stared him in the face. He had appealed to his father, the former Mayor, for aid, and according to a letter, his father was to come to his apartment to-day and help him to arrange his affairs.

There is still much mystery about the affair that can only be unravelled by Mrs. Edson."

ONE OF EDSON'S LETTERS.

One of the letters found by the Coroner was inclosed in an envelope addressed to Mrs. Pullen, and in the handwriting of Mr. Edson. It was written yesterday, as the contents show, although it is not dated. Evidently he sent it to her, she refused to receive it and he overlooked destroying it:

"DARLING, trust John implicitely. He will always be our go between and faithful. I know him thoroughly. He will tell you where I am waiting for you to see your sweet face once more before I go. I am going far, far away, but will die true to you no matter how long I live. I shall lead a new life and an honest one, and if I can ever come back to you with my past cleared up, I will, dearest. "Oh! my God, let me see and speak to you once more before I

go. I cannot go until you do. I hope and pray that you put to-day's (Sept. 1) personal in the Herald. Anyway, I answered it in to-morrow's. I hope you see it. "I cannot sleep. I can only pray and pray that you will come to

me once more. Surely you will after all you have been to me for the past ten years. You do love me, darling; I know you do. Come to me once more, darling, if only to say good-by. I shall wait here till you come, no matter how long. John will tell you my hotel name and ask the clerk for me."

Doubtless these are the personals referred to in the letter:

(From the Herald of Sept. 1.) B. LOYAL .- Nothing in answer to message; be good to me; worried about you; send word to-day; just as true to you as always;

(From the Herald of Sept. 2.) FANNY .- I am loyal and true; cannot go till I see you; trust John; he will tell you where I am; with love.

INVESTIGATION AT ONCE BEGUN.

Capt. Nally, of the West One Hundredth street station, took charge pooting was Patrolman Payne. He summoned Dr. Fahnestock, of the J. Hood Wright Hospital.

Capt. Naily learned from Thomas Wood, a furniture mover, that Mr. Edson commenced to pack up his belongings early this morning. Wood was summoned to the house through a telephone message from Mr. Edson to the Manhattan Storage Warehouse Company, at Fifty-second street and Seventh avenue. He was asked to pack up the bric-a-brac and take it to the storage warehouse.

Wood was busy packing in another room of the apartment when the conversation that led up to the shooting began. He declared that he heard Mr. Edson tell his wife that he would not live with her any longer.

YOUNG PULLEN ARMED FOR REVENGE.

A dramatic feature of the tragedy was added by Traston Pullen, the to slay. The boy was stopped by Mr. Card as he was making his way to the Edson apartments and kept in the office.

Young Pullen, who is a handsome, manly chap, and a pupil at Columbia Grammar School, had just opened the door of the Pullen home when an Evening World reporter arrived. The boy asked if his mother was dead. and was told that she was.

"Is Mr. Edson dead, too?" he asked.

He was assured that Mr. Edson was dead.

"I'm not so sure about that," he replied, "and if he isn't dead I'll kill him. I have a revolver here." Reaching into the breast pocket of his coat he displayed the revolver.

THE FIRST SIGN OF TROUBLE.

"Our families have been friends for years," the boy went on. "Last Wednesday we found out for the first time what kind of a man Mr. Edson was and the first trouble we ever had resulted. I don't know just what we found out, but it was bad.

"This morning Mrs. Edson came to our house and talked to my mother. They sent me on an errand and as soon as I came back they went out. After a time they returned and sat on the front stoop.

"Mrs. Edson asked me if I had a pencil, and I gave her one. She wrote a telegram on a piece of paper to Dr. David Edson and asked me to send it. The telegram asked him to come right up. I went to the telegraph office with it and when I got back both my mother and Mrs. Edson were gone." Here the boy broke down and sobbed. His only sister, a remarkably pretty little child, came to the door.

"Is it true that my mamma is dead?" she asked sturdily.

"No, it is not true, little one," replied the boy with an effort to appear calm. "Run back into the house."

The little one obeyed, and the boy started out to view if possible the body of his mother and make sure that her murderer was dead.

DR. CYRUS EDSON IS APPALLED.

Dr. Cyrus W. Edson, of No. 56 West Fiftieth street, a brother of the murderer and suicide, told a reporter of The Evening World that the man must have been demented or else the shooting was an accident.

"Mrs. Edson, who is with me now," said the doctor, "is too dazed to think; and I must admit that I don't know what to say. Harry must have been crazy or else it was a terrible accident. I can't believe there was anything wrong.

"Mrs. Pullen was the dearest and closest friend of my sister-in-law: in fact, the two families were always together. They had known each other for about ten years.

'Mrs. Edson lef Harry at home this morning apparently in the best of spirits. She says they had no quarrel and nothing unusual had occurred in their relations. Mrs. Pullen was not then at the house.

"Frederick Pullen, the woman's husband, is a splendid man. "Harry was the father of one child, a boy of fifteen.

"All I can say is that my brother must have been crazy. It seems too years:

and that his life should end so horribly." BROTHER HINTS AT INSANITY.

"My brother involved our father and the rest of us in his affairs when 1888 he fatled in Rochester a few years ago," Dr. Edson explained. "Of late he 1889 had shown unmistakable symptoms of insanity. I had arranged to have him examined by specialists within a few days. There is no doubt that he had 1890 homicidal mania, and the wonder is that he did not kill his wife and his 1891 brother while they were in the room with Mrs. Pullen and himself."

Dr. David Edson, who witnessed the tragedy, made the following state 1893 ment to Capt. Nally, of the West One Hundredth street station after the

Early this morning I received a message from Mrs. Edson asking me et her at the home of Mrs. Pullen. She said that 'Harry' was in a vive excited state of mind and that she had been forced to seek refuge with fra. Pullen three days ago.

"When I got there I found a man packing up preparatory to moving. My brother seemed very nervous and was pacing about the room. As soon as he saw his wife he said: "Well, I guess we had better separate for good,

He then turned to Mrs. Pullen and said: "Fannie, we will go away from here and live together, as we ought."

Mrs. Pullen was frightened, and I sought to argue with him, but it was no use. He kept insisting that Mrs. Pullen run away with him, and her refural to comply with his proposal maddened him."

DEFENDS DEAD WIFE'S NAME.

Mr. Pullen, husband of the murdered woman, said this afternoon that of the investigation into the tragedy. The first man called in after the he did not believe Mr. Edson endeavored to kill Mrs. Pullen but missed aim at his own wife and the bullets struck Mrs. Pullen. He believed as implicity in the innocence of his wife as he did in the purity of his sevenyear-old daughter

> "Edson was in a terrible fix," said Mr. Pullen, "as he had not only embezzled funds of St. Michael's Church, but had committed forgery as well. My wife went with Mrs. Edson to plead with him to go to Dr. Peters and beg that he be shown some leniency, for they knew that the pastor of the church intended to bring proceedings against him. He finally declared that Cleaning Commissioner Woodbury, rode gressman is an Eagle of the brightest before doing that he would kill his wife and himself. My wife was sitting up to the Metropolitan Club, at Sixtleth kind. His wings have never been near Mrs. Edson and received the bullets meant for her.

POWDER MARKS DISPROVE THEORY.

According to an examination on the bodies of Mr. Edson and Mrs. Pullen, made by Coroner's Physician O'Hanion this afternoon, it was imsixteen-year-old son of the slain woman, who, upon hearing of the death possible for the man to have killed Mrs. Pullen by erring in his aim, as Mr. Mayor, the Street-Cleaning Commisof his mother started out for Edson with a loaded revolver and threats Pullen suggests. There were distinct powder marks on the skin under the sioner, the Alderman, the Congressman woman's ear, where the bullet entered. Dr. O'Hanlon said this showed that the revolver must have been close to her head and aimed deliberately. The bullet perforated the base of the brain, and death was instantaneous.

Shortly after the tragedy the Rev. Dr. Peters took charge of the apartment. According to Mr. Pullen, Dr. Peters's church will take proceedings to secure possession of the beautiful furnishings of the Edson apartments and sell them to reimburse the church for money Mr. Edson is alleged to have embezzled. Dr. Feters remained in the apartment all day and saw that nothing in the apartment was taken away.
